Couples Hand Book

**52 Weeks Guide To Building
A Lasting Marriage.**

About the Book

Everything rises and falls on the quality of information that we work with. So it is on the subject of 'Marriage' Every foundation is made with a specific structure in mind. The longer you intend for it to last, the deeper you must be willing and ready to go. And I assure you that the teachings in the book lives up to it's promises.

This book is therefore created to serve as a tool for both singles (preparing to get married someday) and married folks who look forward to building a growing marriage. It offers 52 guides that can help to keep the glow of your marriage shining all year round.

This book amongst other things will :

** Provide you with solid principles that can guarantee a lasting marriage when practised.*

** Show you how best to strengthen the bonds in your marriage all year round.*

** Broaden your perspectives on the fundamentals on how to keep love flowing in your home.*

This book is created from the rich experiences of the authors who have been married for over a decade and have taught most of these topics to thousands of audiences on different platforms over the years.

About the Authors

Obinna and Josephine Nwanma are pastors and relationship/marriage counsellors. Their ministry has been a huge blessing to so many, and has given birth to many successful marriages today.

They are both avid teachers of the Word of God and visionaries of the Mingle Right, Jean Chat Room and C.R.E.A.M Damsels with an annual Conference that has impacted on thousands of souls over the years.

They are passionate about grooming the younger generation to a place of true 'Worship and Excellence'

Married for over a decade now, Obinna and Josephine are blessed with three lovely children, Alvina, Aviva and Axel, and they make their home in Port Harcourt, Nigeria.
